Faculty Disclosure
As a provider accredited by ACCME, Methodist Le Bonheur Healthcare must ensure balance, independence, objectivity and scientific rigor in its educational activities. Course director(s), planning committee, faculty, and all others who are in a position to control the content of its educational activities are required to disclose all relevant financial relationships with any commercial interest related to the subject matter of the educational activity. Safeguards against commercial bias have been put in place. Faculty also will disclose any off-label and/or investigational use of pharmaceuticals or instruments discussed in their presentation. Disclosure of these relevant financial relationships will be published in course materials so those participants in the activity may formulate their own judgments regarding the presentation.

Accreditation
Methodist Le Bonheur Healthcare is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
Methodist Le Bonheur Healthcare is an approved provider of continuing nursing education by the Tennessee Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Credit
Methodist Le Bonheur Healthcare designates this live activity for a maximum of 11 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. This activity will provide 11 contact hours.

Registration Fee
The registration fee is $295.00 and includes all educational sessions, program title, breakfasts, lunches, and breaks for participants only. Written confirmation of your registration will be sent upon receipt of payment. Full refund will be given for cancellations received after August 5, 2016. After August 5, 2016, checks should be made payable to Methodist Le Bonheur Healthcare. Methodist Le Bonheur Healthcare reserves the right to cancel program titles, speakers, or sessions if circumstances so dictate or the right to cancel or reschedule this seminar due to an insufficient number of registrants.

Going Green
Conference materials will be available electronically on August 10, 2016. After registering for the conference you will be given a link and password to access the materials. Feel free to download and print prior to the conference.

Program Description
The Primary Care Issues in Women’s Health conference is designed as an update and review on issues specifically related to the management of women’s health. Evidence-based lectures will be given by academically and clinically oriented faculty and will provide relevant information and insight into situations commonly presented to the primary care physician.

Target Audience
This conference is intended to enhance knowledge and improve competency for OB/GYN, family practice, internal medicine physicians, nurse practitioners, nurses and other health care professionals who are involved in diagnosing, treating and preventing diseases in the female patient.

Educational Objectives
Upon completion of this conference attendees should be able to:
• Describe diagnosis, treatment, and prevention of chronic obstructive pulmonary disease in the female patient.
• Discuss controversies in Hormone Replacement Therapy.
• Review the appropriate contraceptive method for your patients.
• Review medico legal issues and how to prevent malpractice litigation in women’s health conditions.
• Discuss assessment, evaluation, and treatment modalities related to thyroid nodules.
• Evaluate patients with breast disease, review appropriate screening mechanisms and recognize when to refer.
• Outline unique risks and differences in women undergoing heart surgery.
• Review recent diabetes management recommendations, discuss available diabetes treatment options, and develop optimal patient-oriented diabetes treatment decisions in primary care.
• Discuss provider burn out, patient dissatisfaction and review evidence that providers can pursue and advocate for high value patient-centered healthcare.
• Describe gender differences in diagnosis, management, and treatment of heart disease.
