

TNM Staging Forms Process

The **TNM Staging forms** are now electronic in **Onechart** for the physician to complete in the patients chart in **Powerchart**.

Click on the **Ad Hoc** icon in the patients chart.

The Ad Hoc window opens.

1. Choose **Tumor Staging Forms** in the Navigator bar to the left.
2. Place a check beside the form you wish to fill out for this patient.
3. Click **“Chart”**.

Just as you turned the pages to fill out the paper form, you click on the separate sections in the navigator bar to locate the next section on the form.

To sign the form, click the green check in left top corner of the form. 

The completed form is located on the Forms tab in the patients **Powerchart**.

To **modify** the form, right click on the title of the form, choose modify. The form will open for you to modify and will document that you modified the form.
