|---|---|-----------------------------|--------|------------|---|----|---|
| BH Questionnaires | This process does not exist today. With Epic, questionnaires will be assigned through a BPA and order. These can then be sent through MyChart. | • Behavioral Health | ● | 😊 | | ✓ | |
| Temporary Outage LOA | Currently patients are discharged and readmitted. In the future, the LOA workflow will be used for any patients that are going to the ED or to the OR/Cath Lab. | • Behavioral Health | ● | 😊 | | ✓ | |
| Privacy Protection Policy and Procedures | This process does not exist today. With Epic, Break the Glass will be applied to the IP Psych Department. Access will be granted to HIM, PCP, Encounter Provider, Treatment Team, Care Team and users with the BH linked Template/Subtemplate. No BTG applied to stand-alone clinics. Sensitive Notes will be used. | • Behavioral Health | ● | 😊 | | ✓ | |
| EpicCare Link; Plan of Care | This process does not exist today. With Epic, outside psychiatrists that connect to your organization should be able to use EpicCare Link to sign plans in Epic. | • Behavioral Health | ● | 😊 | | ✓ | |
